

# Debates in Urology

## 2005 Programme

Following the success of the 2004 'Debates in Urology' series, we are pleased to announce the forthcoming debates.

*'Questionnaires have no use outside clinical trials.'*

**Sunday 22nd May, AUA Meeting, San Antonio, USA**

*'Antimuscarinics should not be contra-indicated in the treatment of the BPH patient.'*

**Date to be announced**

*'Erectile dysfunction, BPH and premature ejaculation: a link too far.'*

**Date to be announced**

**These 'Oxford union-style' debates will take place at the major urological meetings of the year. Do come and join us!**
